COLLECTION

## EVORA

This exceptionally useable collection has been designed with hospitality in mind.

Highly textured designs in small scale patterns have an artisanal quality, durable yet soft and versatile for a range of interior applications.

Inspired by decorative Portuguese tiles, each design reflects timeless qualities suitable for both domestic and contract projects. Muted tones range from classic blues of the Mediterranean to earthier spice notes and soft sages, making for a striking yet adaptable collection that stands out for its wonderful woven quality.
